

# TuffRock

Supporting Nature's Balance™

BONNI PAUL - KIVA ARABIANS - NZ

" I have been using TuffRock Conditioner Plus as an integral part of the conditioning programme for awhile now - the simply outstanding results I got with Soul Fire (NZ National Champion Intermediate Gelding) speak for themselves. All visiting horses are immediately put onto TuffRock as well, which totally transforms them from the inside out. Within weeks, the telltale TuffRock glow shows through on their coats, and their sparkly outlook on life. This season I had a crop of weanlings come through the preschool foundation programme - usually weaning sets them back a few weeks, but not these guys. Being on TuffRock Conditioner Plus meant that they went from hairy, fuzzy little ponies to sleek, shiny, elegant Arabians in a matter of weeks. Naturally, when Bevanlee After Dark \*AU arrived from Australia, he went straight onto TuffRock - once again, this wonderful product helped him cope with his big trip, and he was the picture of glowing health within days of arriving! I wouldn't be without it now, it's so good to finally have a product that does what it says it will!"
