

TuffRock

Supporting Nature's Balance™

New Formula Non-MEDICATED POULTICE

**WORLDS FIRST 3 AND 2 DIMENSIONAL
VOLCANIC MINERALS WITH LOCALISED COLLAGEN EFFECT**

TuffRock Non-Medicated Poultice
is the world's first *energised* volcanic poultice
Made from TuffRock's unique blend of
all-Australian alumino-silicates and ancient
montmorillinite.

Fantastic to help maintain healthy legs, muscles
and joints; and can be used on backs under the
saddle area, flanks and loins. Also used to detox
the legs and the bladder/kidney area.

Apply directly onto minor cuts and abrasions.
Use as cold therapy to treat or prevent
inflammation, swelling or pain, or to draw out
fluid from affected areas.

BENEFITS

1. **NIL SWAB.**
2. **100% NATURAL INGREDIENTS** are safe to use on minor cuts and abrasions.
3. Provides **EXCELLENT SUPPORT** for muscle, ligaments or joints, backs, flanks and loins.
4. **NO CHAFING** on areas such as stifles.
5. **EXTRA ENERGY** added for almost instantaneous effect - horses love the unique cooling action.
6. **EASY TO APPLY**, sticks well and horses stand still, allowing one person application.
7. **FAST REMOVAL**, simply hose off, does not stick to bandages, cannot stain rugs or saddle pads.
8. Can be used **WITH OR WITHOUT** bandages, water-based product for closer skin contact.
